## RIVERSONG TECHNOLOGY CO., LTD.

Address: No. 1108 Tower B, Tian'an High-Tech Plaza Phase 1, Futian District, Shenzhen, Guangdong  
Official website: [www.riversongtech.com](http://www.riversongtech.com)

## HOW TO INSTALL

1. Unscrew the socket ring ①, insert the ball point and tighten the socket ring ②. Connect the Type-C cable to the wireless charger car mount ③ and the USB port of the cable to a car charging interface (ie: cigarette lighter or a car USB charging port).

2. Clean the suction cup with water, and stick it on a dried and cleaned place. Push down the lever to stabilize the holder.

3. Loose the screws to adjust the viewing ①. Simply place your phone in the holder ②, the gravity system will hold your phone securely.

4. You can also use the air vent mount. Unscrew the socket ring ①, insert the ball point ② and tighten the socket ring. Follow the previous steps for connecting the cable.

## CHARGING GUIDE

After the device is powered on 5V-9V DC power, it will automatically check the tension and the red indicator light will turn on.

When the smartphone gets within 10 cm from the wireless charger, the sensor will open the side clips. You can put your smartphone on the wireless charger. Then the holder will clamp the phone.

At this moment, the wireless charger car mount will automatically charge the phone. When the device in under charging process the LED light will be blue.

To order to remove the phone, you need to touch the bottom bracket or press the button at the back, the wireless charger will automatically open its arms and release your phone.

## CHARGER SAFETY

This device has over-voltage protection, over-temperature protection, magnetic field protection, short-circuit protection. If the device is abnormal, it will automatically stop working.

## WARNING

- Do not over-squeeze or hit the device.
- Do not use the wireless charger under severe high temperature, humidity or corrosive environment to avoid damaging the device's circuit.

## SPECIFICATION

Product Name: SmartClip<sup>+</sup>  
Model: CH08  
Input: DC 5V=2A, 9V=1.67A  
Output: 10W, 7.5W, 5W automatic identification  
Working Frequency: 110-205KHZ  
Charging Distance: 0-8mm  
Support Specifications: Qualified with Qi Wireless Protocol Charging\*  
Material: PU + ABS + aluminum alloy + silicone  
Compatibility: All smartphones up to 6.5" display  
Mount: Dashboard, windshield, air vent  
Product size: 118x75x50mm
